

## Virtual Lunch & Learn Series: Food Assistance Programs

Join the Northland Health Alliance for a series of informative lunch and learn webinars designed for individuals and organizations working with populations facing food access challenges. These sessions will provide valuable insights into programs aimed at improving access to healthy, nutritious food.

This series is perfect for social workers, teachers, healthcare professionals, food pantry volunteers, or anyone interested in expanding their knowledge to help Northland community members.

During these sessions, you'll learn:

- The history and benefits of each program in promoting healthier communities.
- Participant guidelines and eligibility requirements.
- Strategies to address misconceptions and reduce stigma.
- Ways to increase participation among those eligible.
